

Watercress Line Christmas Steam Illuminations

Wednesday 17th December 2025

Step aboard a steam train transformed into a dazzling spectacle of colour, music, and festive cheer!

The coach will leave Bedford at 11.30 to head for Ashford where we have an included fish and chip lunch at the Two Brothers Fish House after which we will head to Haskins garden centre for some last minute Christmas shopping before moving on to Alresford station to board the 'Steam Illuminations' train for a fun journey lasting approx. 2 hours.

'Steam Illuminations' features immersive entertainment with light displays and music. The fun starts as soon as we arrive at the station with its light projections on the buildings, Christmas Courtyard and 'talking and singing trees' to guide you to the train.

Inside the carriage you will be enveloped in a display of glowing synchronised lights and music that create an ever-changing show of colour and rhythm.

Put on your interactive wrist band and get ready to sing, clap, stamp and cheer as you enjoy classic festive hits that get you into the holiday spirit with host 'Voiceover Man' (from Britain's Got Talent & X-Factor) and laugh or groan at the Christmas Cracker jokes as he entertains everyone with his warmth, wit & humour.

Festive treats, snacks, and drinks for the journey can be purchased at the station or bought throughout the journey from the on board trolley service.

The cost £70 for members £72 for non-members, booking forms by Monday 17th November please.
